National Intelligence Council

19 January 1984

MEMORANDUM FOR : Deputy Director of Central Intelligence  
Deputy Director for Administration

THROUGH : Vice Chairman,  
National Intelligence Council

FROM : David D. Gries  
National Intelligence Officer for Narcotics

SUBJECT : Model of Heroin Statistics

1. You earlier asked that I take a look at [redacted]  
modelling work on heroin.

2. [redacted] work has developed rapidly and with help from [redacted]  
[redacted] of the NIC/AG, we are now ready to  
publish a NIC Memorandum entitled, "Heroin: A Simulation of Supply  
and Demand."

3. After the narcotics community has had a chance to digest the  
model, [redacted] will try to extend his work to cocaine and perhaps  
marijuana.

4. I believe this is a very promising approach to the murky  
world of narcotics statistics.

[redacted]  
David D. Gries *for*
